## Product Description

NCERT based activity kits are designed with an aim to make learning easy and more effective for all the students. These kits are meant to clear all your doubts and concepts which ultimately help you gain a thorough understanding of each and every topic in a subject thereby help to score high in exams as well as it will improve your practical approach toward science and technology. Due to the above benefits of NCERT Activity kits, we will strongly recommend to all students stop rote learning and just start practical side of science.

### Disclaimer :

This is a handmade complete working Models, Projects & Activity kits supported by rough study material to make a suitable projects report by the student. It is using Cardboard/Wooden base, Paper, Foam based board, stationary items, Electronic-Electrical Components, Mechanical & Scientific goods as per the requirement of a particular model. Colour of product and decoration item may be varying according to availability of material but we make ensure that we will deliver the product with same working, structure and dimensions as describe in product description section.
